## **PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

### **CAUTION**

Harmful if inhaled. Avoid breathing spray mist. Causes moderate eye irritation. Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

### **ENVIRONMENTAL HAZARDS**

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

### **BEE HAZARD**

The product is toxic to bees exposed to direct treatment. Do not apply this product while bees are actively visiting the treatment area.

### **DIRECTIONS FOR USE**

**IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.**

### **GENERAL INFORMATION**

- Multi-purpose fungicide/insecticide/miticide – 3 in 1 product.
- Kills egg, larvae and adult stages of insects.
- Prevents fungal attack of plant tissue.
- Not for use in food-handling areas.
- Shake well before using.
- Thorough plant coverage is essential to obtain optimal levels of control.
- Do not apply to wilted or otherwise stressed plants, or to newly transplanted material prior to root establishment.
- As with other pest control products, exercise care in timing applications to early morning/late evening to minimize the potential for leaf burn.
- Use with care on plants with tender tissue. Check for leaf burn in small-scale trials prior to use.

### **FUNGICIDE USE**

#### **Application Instructions**

- This product is an effective fungicide for prevention and control of various fungal diseases including Black Spot on Roses, Powdery Mildew, Downy Mildew, Anthracnose, Rust Leaf Spot, Botrytis, Needle Rust, Scab, and Flower, Twig and Tip Blight.
- This product may be used on all Roses, flowers, houseplants, ornamental trees and shrubs, fruits, nuts, and vegetables grown in and around the home and home garden.
- As a preventative, apply this product on a 7 to 14 day schedule until the potential for disease development is no longer present. Spray to run off. Complete coverage of all plant tissue is necessary for control.
- To control disease already present, apply this product on a 7-day schedule until disease pressure is eliminated. Then continue spraying on 14-day schedule to prevent the disease from recurring. Spray to run off. Complete coverage of all plant tissue is necessary for control.
- To prevent Rust Leaf Spot diseases, Anthracnose, and Scab, begin applications at the first sign of spring budding.
- To prevent Powdery Mildew, apply in mid-summer or when disease is first detected. Continue applications until disease pressure no longer exists.
- To prevent Black Spot on Roses, begin applications at first bud emergence in spring. Apply this product on a 14-day preventative schedule through the spring and fall to prevent disease emergence.

### **INSECTICIDE USE**

#### **Application Instructions**

- This product is an effective insecticide for the control of various insect pests including Whiteflies, Mealy Bugs, Armyworms, Hornworms, Leafhoppers, Bagworms, Leafminers, Psyllids, Fruit Flies, Loopers, Budworms, Beetles (Including Japanese Beetles), Aphids, Scales, Caterpillars, Midges, Budworms, and Mites (including Spider Mites).

## INSECTICIDE USE

Application Instructions (continued)

- This product may be used on all Roses, flowers, houseplants, ornamental trees and shrubs, fruits, nuts, and vegetables grown in and around the home and home garden.
- Apply this product at first sign of insects/mites. This product is most effective in controlling insects/mites when applied on a 7-14 day schedule. For heavy insect populations, apply on a 7-day schedule. Spray to run off. Complete coverage of all plant tissue is necessary for control.

## STORAGE AND DISPOSAL

**Pesticide Storage:** Keep in original container. Store away from direct sunlight, feed, or foodstuffs. Keep container tightly sealed when not in use. Keep from freezing.

**Pesticide and Container Disposal: If Empty:** Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

**If Partly Filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

## WARRANTY AND LIMITATION OF DAMAGES
